Transportation During The Trip:

Backcountry Unlimited travels from location to location in passenger vans with equipment trailers. We may use ferries, trains or shuttle busses as well depending on the trip. Regardless of how we travel, our goal is to spend the majority of our time adventuring not traveling from one place to another. All our drivers have excellent driving records and have received additional van safety training

Overview:

Backcountry Unlimited was founded on the premise that people learn best when they are placed in an environment in which they are comfortable to be themselves, try new things, and gain new skills and confidences. Backcountry Unlimited believes our adventure experience(s) serve as a necessary catalyst to enable people to become positive productive citizens who are responsible, tolerant, and self-confident leaders with an acquired environmental ethic and appreciation for our shrinking natural world.

Backcountry Unlimited's teen adventures are rewarding and eye opening experiences. Our experiential adventures provide participants with hands-on, kinesthetic opportunities to explore the natural world as they learn about themselves, their leadership style, the environment, and their sense-of-place while experiencing an action packed adventure.

Our trip not only focuses on the participants' experience but the transferability of that experience back to everyday life in the front-country. Participants will develop critical thinking skills, independence, self-advocacy, an understanding of the value of teamwork and a sense of stewardship for both the environment and their community.

Behavior Expectations:

The primary mission of Backcountry Unlimited is to provide an environment in which participants are comfortable being themselves, trying new things and developing confidence. To set this tone, participants and staff establish a "Full Value Contract" shortly after everyone has settled in. The most important thing that we want participants to take away from this "Full Value Contract" is *respect for ourselves, each other, and the environment*. Please arrive open and ready to work with others. If a participant leaves the group either voluntarily or is sent home by an authorized Backcountry Unlimited employee, every effort will be made to contact the parent/guardian or emergency contact of the participant. We reserve the right to initiate the logistical process of the teen's departure if the parent/guardian and the emergency contacts cannot be reached.

In order to ensure a positive experience for you and the other participants, it's essential that all participants are willing to agree to the following "non-negotiable" rules:

- Participants will NOT undertake any actions that involve danger to one's self or others.
- Participants will NOT use or possess any illegal substances.
- Participants will NOT steal or harm property or facilities, or the property of others.

Escape the Everyday

- Participants are NOT allowed to possess: any weapon, alcohol, tobacco or electronics (cameras are ok)
- Prescription/over-the-counter medications (all medications are kept and dispensed by qualified BU staff). Epi-Pens, Inhalers, etc. are an exception to this rule.
- Participants will stay with the group, unless otherwise directed by a Trip Leader.
- Violations of these non-negotiable rules will be dealt with decisively and may result in immediate separation or dismissal without refund of tuition.
- ***Please review these “non-negotiable” rules prior to the trip. If dismissal becomes necessary, it’s the participant’s (parents/guardians) responsibility to make arrangements for their departure from the group’s current location***

Communication:

In an effort to foster a positive sense of independence and self-reliance, we do not permit emails, phone calls or text messages to our teens during their trip. The only communication may be the occasional letter home from a student. There is no delivery to teens while they are on a Backcountry Unlimited program, so the mail delivery will be one-way. Please note that the Backcountry Unlimited office is staffed 7 days a week during the summer months. You will be able to speak with a live person 24-hours a day, 7 days a week, should you need to. The Backcountry Unlimited leaders are in contact with our office on a regular basis. These leaders have cell phones and, in certain situations, utilize satellite phones and personal locator beacons. If a situation arises wherein a teen must see a physician or be treated by medical personnel of any kind, our office will notify parents/guardians as soon as possible. In these scenarios, we will make every effort to offer the opportunity for parents to speak with both their teen and their leaders.

Escape the Everyday

Our contact number at Backcountry Unlimited office is (928) 421-1046 and our e-mail address is info@BackcountryUnlimited.com.

Food:

Backcountry Unlimited has a detailed food policy that we encourage all participants to read carefully before enrolling. We are able to accommodate most food allergies. However, there are inherent food risks that are associated with adventure travel that should be carefully considered before enrolling. If the food allergies are severe and food purchase is limited, Backcountry Unlimited may require the participant to provide additional “safe food” at their expense. Please contact Backcountry Unlimited with any questions.

Personal Electronics:

In an effort to eliminate distractions among the group and to promote engaging in the experience, personal electronic devices, such as iPods, iPhones, iPads, handheld gaming devices, e-readers, cell phones, etc., are prohibited on all of our programs. Digital cameras and Go Pros are acceptable. If your teen travels with a cell phone, it will be collected by their leaders and held until the end of the program. We do encourage teens to bring a cell phone if they are traveling alone in order to easily communicate with their parent(s)/guardian(s) and the Backcountry Unlimited office should their travel plans change. Backcountry Unlimited will not be held responsible for any electronic devices that are lost, damaged, or stolen.

Terms of Payment & Refund Policy:

A deposit fee is required with your Backcountry Unlimited application. Backcountry Unlimited is unable to secure your reservation until both the application and deposit have been processed. Your deposit will be applied directly towards your total tuition. Final tuition payments are due 10 days before the program departs. Backcountry Unlimited reserves the right to cancel unpaid applications.

Along with the application and registration fee, there are additional forms required to complete the application process. Application fees will only be refunded if your teen is not offered a spot with Backcountry Unlimited due to eligibility requirements.

Cancellation charges reflect the many expenses Backcountry Unlimited cannot recover, even if you cancel due to illness, injury, or personal emergencies. These fees are not meant to be punitive. The charges made reflect the expenses Backcountry Unlimited has incurred in administering your reservation and planning for your participation. We recognize that the majority of those who cancel their reservations do so out of necessity. Please note that we do not make any refunds for any unused portion of your trip, not arriving, arriving late, or leaving the trip early.

To qualify for any refunds, we must receive notification in writing, by emailing info@backcountryunlimited.com or by mailing a letter to Backcountry Unlimited at 385 Chaparral Drive, Prescott, AZ 86301. Your cancellation date is the date the notice is received by Backcountry Unlimited in writing by email or letter. Exceptions to this policy cannot be made for

Escape the Everyday

any reason. In the unfortunate event that you must cancel your trip, your refund will be determined according to the following formula:

- Days prior to departure Refund
- 90+ days: All but \$50.00 processing fee.
- 90 - 30 days: All but deposit
- 30 days or less: No refund

Backcountry Unlimited reserves the right to cancel or alter a trip due to unforeseen weather, unsafe conditions, low registration or other circumstances. On the rare occasion that Backcountry Unlimited must cancel a trip, all payments received to date will be refunded, including the non-refundable portion of your deposit. Backcountry Unlimited is not responsible for expenses incurred in preparation for any canceled trips, including but not limited to airplane tickets, gear, etc.
